

# Experience

Hooray! You're Engaged!  
And I would love to be considered as your wedding day MUA!

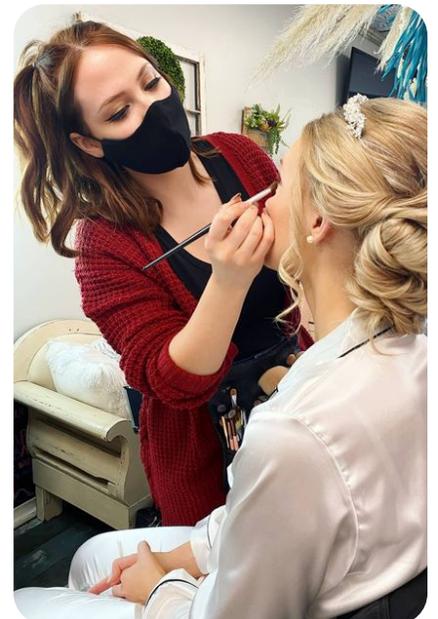

## What to Expect

My goal is not only to make you look and feel beautiful, but to make the process as smooth as possible. Wedding days can be stressful and it is my job to ease some of that stress, not add to it. Which is why I provide all things needed on the day of, and create an environment that is as calm and reassuring as possible.

## COVID-19 Response

Cleanliness and safety has always been top priority, before the pandemic and long after it ends. Before every wedding/event, all brushes and instruments are cleaned and disinfected. At my station, I utilize hand sanitizer, skin safe disinfecting wipes, disposable applicators, and mixing plates to ensure that cream/liquid products are not contaminated. You can expect to see me in a mask from the time I arrive to the time I leave, and I ask the same of my team if the event requires a second artist.
